Why Costa Rica? - Mountaintop Church has been working in partnership with a specific area of Costa Rica known as Los Guido for almost 4 years now. Through this extended partnership we have seen life change each year impacting the area of Los Guido. While there our students share their faith with children, teenagers, and their families. We partner with a local school and organizations to do a variety of projects that will surely impact each person who attends. Student and leader alike.

The Cost - We have worked hard to get the cost as low as possible. The \$750 cost to students is actually half the cost. Through our golf tournament, BBQ Butt sales, and our Missions department we were able to cut each students trip in half. We are opening registration in November so that students can begin praying, saving, and raising funds for this trip. Fundraising letters examples can be found at Mountaintopchurch.com/studentmissions.

Deadline - January 20 -- Much earlier than years past due to international travel requirements from our partner Score International. Check them out at Scoreintl.org for more information on their organization.
